Colaba, the 22d February 1912.

No. 205.—The following telegram, dated the 2th February 1912, from His Excellency the Viceroy to His Majesty's Secretary of State for India, is published for general information:—

The Ruling Princes and Chiefs of India, on the one hand, and the non-official Members of my Legislative Council, acting on behalf of the people of British India, on the other, desire that I should forward to the Prime Minister the following message from the Princes and people of India to the people of Great Britain and Ireland. Telegrams from the leading Ruling Princes and Chiefs accepting His desire have been received, and the non-official Members of my Council have acted as the authority of public meetings held at important sessions in the different Provinces, at which resolutions, expressing the sentiments embodied in the message, have been adopted.

Message begins.—The Princes and people of India, desire to take the opportunity afforded by the anniversary of the Royal visit to express to the great English nation an expression of their mutual goodwill and fellowship; also an avowal of their warm attachment to the world-wide Empire of which they form part, and with which their destinies are now indissolubly linked.

The Imperial Majesty's visit to India, so largely successful, and so successfully completed, has produced a profound and favourable impression throughout the country. Their Imperial Majesty, by their gracious presence, their untiring energy, and their deep solicitude for the welfare of all classes, have drawn closer the bonds that unite England and India, and have deepened and intensified the traditional feeling of loyalty and devotion to the Throne and person of the Sovereign, which has always characterized the Indian people. Conscious of the many blessings which India has derived from her connection with England, the Princes and people rejoiced to render to power their loyal and loving homage to their Imperial Majesty. They are confident that this great and historic event marks the beginning of a new era, signalling greater happiness, prosperity and progress to the people of India, under the rule of the Crown. Message ends.

SUPPLEMENT TO PART I

MADRAS, TUESDAY EVENING, FEBRUARY 20, 1912.

[Part I.]

REVENUE DEPARTMENT.

NOTIFICATION.

Fort St. George, February 14, 1912.

The following notification of the Government of India is published:—

DEPARTMENT OF AGRICULTURE IN INDIA.

Poor, Bengal, the 2nd February 1912.

The Proposals of the Agricultural Research Institute and College, Poona, published in Part II of the Gazette of India, dated the 24th November 1909, has, with the approval of the Government of India, been revised as follows on pages 1407 to 1412:—

FACULTY OF THE AGRICULTURAL RESEARCH INSTITUTE AND COLLEGE, POONA.

(The Faculty is subject to such alterations as may from time to time be ordered.)

1. PURPOSE.

The Agricultural Research Institute and College, Poona, since its inception in the presidency of Mr. Henry Phipps who in 1909 placed at the disposal of Lord Curzon, then Viceroy and Governor General of India, a donation of £20,000 (which he afterwards raised to £30,000) with the request that it might be devoted to some object of public utility in India, particularly in the direction of scientific research. Part of the donation was devoted to the construction of a Pioneer Institute at Coimbatore in Southern India, and it was decided that the balance should be utilized in erecting a laboratory of agricultural research which, it was hoped, would form a centre of scientific research in connection with the cooperation on which the people of India greatly depend. This conception was subsequently enlarged, and the Government of India have now constituted a college and research institute in which a farm of some 2,500 acres is attached for purposes of experimental cultivation and demonstration.

In 1903, when the research station was constituted, it was intended to combine it with a college which should give a general agricultural education and should serve as a model for the few agricultural colleges and schools of very recent origin which then existed in India. Recently, however, the construction of the functions of the Poona College has undergone a material change. It is now envisaged that the first and most essential condition of any permanent improvement in the agricultural methods of this country is the widest possible diffusion of an improved knowledge of scientific and practical agriculture, and at the same time it is desired to make the country as far as possible self-sufficient in the matter of development of agricultural training and research. A comprehensive scheme for the promotion of agricultural education throughout India has accordingly been drawn up, as the result of which it is hoped that every important province will soon be provided with a fully equipped college where students will for three years receive practical and scientific education in agriculture. The position which the Poona College is intended to occupy in relation to this general scheme is that of a higher teaching institution. Its main object is to enable students who have passed with distinction through a course of a general college, by means of a post-graduate course in one of the specialized branches of agricultural science, to qualify for the higher branches of agricultural work.

2. THE POONA ESTATE.

The estate consists of 1,500 acres, of which 400 are arable, 600 are pasture, nearly all the field crops of the place can be grown there. The farm buildings are up-to-date, and birds of breeding

1-10-11

and such cattle are maintained. There are complete arrangements for the manufacture of indigo and the rearing of lacca. Poultry breeding is being carried on; there is a large and well-kept orchard and botanical garden. Every facility for the practical teaching of agriculture and agricultural subjects has been provided. The students' laboratories are extensive, well lighted and equipped; there is a library for the use of students. The students' hostel is complete, and there is ample accommodation for 50 students. Work on the Bengal and North-Western Railway, is the nearest railway station. It is a few miles from the college by a good road. There is a telegraph and post office within the walls.

3. Constitution and Systems.

1. *Control*.—The College is under the general supervision of the Inspector-General of Agriculture in India and is under the direct control of the Director of the Research Institute and Principal of the College.

2. *Staff*.—The teaching staff of the College consists of—

- (1) The Principal
- (2) The Imperial Agricultural Chemist.
- (3) The Imperial Mycologist.
- (4) The Imperial Entomologist.
- (5) The Imperial Forestry Researcher.
- (6) The Imperial Agricultural Botanist.
- (7) The Imperial Agricultural Zoologist.
- (8) The Imperial Agricultural Pathologist.

3. *Courses*.—The ordinary College course extends over two years, and the students will be trained in one or other of the following sections of agricultural science, no students being trained in more than one section at a time.—

- (1) Agricultural Chemistry.
- (2) Economic Entomology.
- (3) Economic Botany.
- (4) Mycology.
- (5) Agricultural Zoology.
- (6) Agriculture.

4. *Syllabus*.—In the absence of experience of the class of student likely to be received, it is impossible to lay down a permanent syllabus of the teaching in each subject. The syllabus that follows is tentative and is subject to the condition that time will not be wasted in teaching students over ground that is already familiar to them.

1. Agricultural Chemistry.

(Two years' course.)

(i) A course of lectures and laboratory practice of the same type as laid down in the *Standard Curriculum for Imperial College*.

(ii) A course of lectures in advanced chemistry which shall follow such lines as have an important bearing on agricultural science. Each student will then take up a particular line of investigation suggested to him by the lecturer. At the end of the course each student will write a paper embodying the whole of his work, and the results positive or negative he has deduced therefrom.

2. Entomology.

SUPPLEMENT TO PART II
OF
THE FORT ST. GEORGE GAZETTE

No. 8.] MADRAS, TUESDAY EVENING, FEBRUARY 20, 1912. [Price, 1s. 6d.]

SALT, ARKANI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 6, dated 23rd January 1912.

NOTICE OF SALE OF ARKANI AND OPIUM PRIVILEGES.

Notice is hereby given, that the number of Independent shops appointed for the sale of Opium, spirit and intoxicating drugs during the twelve months beginning 1st April 1912 and ending 31st March 1913, and the local limits appertaining for same will be notified by Collectors in their District Gazettes and that the privilege of sale therein will be put up to public auction on the dates at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

II. The districts in which independent arakan shops, foreign liquor licenses, beer shops, ganja shops and opium shops, respectively, will be sold are specified below:—

Independent arakan shops.	Foreign liquor licenses.	Beer shops.	Ganja shops.	Opium shops.
---------------------------	--------------------------	-------------	--------------	--------------

From 1st April 1912.

Throughout the entire limits of the Presidency including the Narganjah District.	In all districts except Coimbatore, Travancore, Malabar, the Nilgiris, Vellore and Salem.	In the districts of Bellary, Chittoor, North Arcot, Tanjavur, Travancore, Madras and the Nilgiris.	Throughout the Presidency.	Throughout the Presidency.
--	---	--	----------------------------	----------------------------

Arakan and ganja wholesale depot licenses will be issued for all districts. Particulars regarding them will be found in clause XVI below. A separate notification will be issued regarding said two foreign liquor licenses.

III. A deposit must be made by each bidder previous to bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 25 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Rs. 5 in the case of bidders for single small shops. In the Karaikal district, the officer conducting the sale may, where he finds it necessary, require a deposit of Rs. 10 only from bidders for arakan shops. In the South Arcot district, the selling officer may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly rental does not exceed Rs. 2.

IV. The shops will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upon prices will be fixed at the discretion of the Collector. The reserve prices placed by Government on the shops will not be published, but the terms of the previous five years' contracts will be notified by the Collector, wherever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

H-500-2

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been associated by a Contract, Grant or has previously been guilty of such a breach of the conditions of a license or of a contract under the ^{Abolition} Act, as to render him undesirable as a holder of a license or on the ground that he is insolvent or is generally untrustworthy in the discharge of Government ^{Abolition} duties or for any other valid reason. He may also refuse any bid which he may consider to be purely speculative, after recording his reasons for doing so. Village officers will not be allowed to bid for, or to take any direct interest in shops for the sale of retails.

VII. The shops will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless advised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any other appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall together with the shop be sold at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. At the same time, each person whose bid is accepted shall at once, if so required by the selling officer, at the close of the day's sale, make a further deposit* of half a month's rent (in addition to the deposit made under clause III) for each shop which the bidder deposits equal to or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III will be forfeited and the shop will be put up again immediately by the selling officer on the same conditions or otherwise disposed of by the Collector and the bidder will be debarred from bidding again for the same or for any other shop.

X. Persons to whom shops have been knocked down and who have made deposits as provided in clause III and IX shall also deposit* such further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after executing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed the sum required to be deposited under this clause, the excess will be refunded unless the purchaser is required to deposit more than under clause XI above.

XI. If on enquiry subsequent to sale the purchaser shall be found to be of doubtful solvency, he may be required either to deposit from the sum provided in clause X above, or to get a security or advance to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (Article 34, schedule I, Act II of 1909) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requirements under clause XI above or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop resold under the order of the Divisional Officer on the date notified by the Collector or otherwise disposed of by the latter officer.

XIII. Rentals offered under clause XII will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an amount of land revenue. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be absolutely liable if the privilege is disposed of otherwise than by resale and such disposal results in loss to Government as compared with original sale.

XIV. The purchaser of the privilege is liable to the penalties provided for breaches of the conditions set forth below, though a licensed licensee may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, at the same time, will be taken as security for the due fulfilment of the conditions of the license. If the Collector is not satisfied as to the security, it may be credited towards the last instalment of the lease payable by the latter.

Conditions of Issue of Licenses for Wholesale Vend of Arrack and Ganja.

XVI. Applications for the privilege of the wholesale vend of country spirits and of intoxicating drugs prepared from the hemp plant should reach the Collector concerned on or before the 1st March 1912 and such should be accompanied by a sum of Rs. 10 which will be returned to those persons whose applications for licenses are not approved. The grant of licenses confers no exclusive privilege, and it will be open to the Collector to grant licenses under like conditions to other persons at any time during the currency of the license for which applications are now invited. Licenses for the wholesale vend of arrack will be granted to private persons only if they have obtained the consent of the arrack supply committee of the district to the granting of their license. If such license is not wanted to the satisfaction of the Collector, they may be closed at any time. Arrack wholesale depot licenses will not be granted to persons having interest in retail shops.

Nor shall different kinds of liquor be mixed and sold under the designation of one of them. All officers authorized to inspect depots and shops (vide condition 26 *infra*) are authorized to detain any liquor, spirit or intoxicating drugs found on the premises, or use, or which they may believe to have been introduced with a view to, and all Collectors and District and Assistant Commissioners of the South, Abkhazi and Cariani Departments are empowered to confiscate or destroy any liquor, spirit, or intoxicating drugs and for contravention of one or which have been tampered with, and all liquor to which liquor of another description has been added and which is being offered for sale under the name of one of the liquors so mixed.

14. The Collector may order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits to transfer to be fixed by the Board of Revenue in their discretion. But no new shops should be opened unless notice of the intended has been published in the District Gazette six months before the commencement of the lease and no such change in effect the interest of all present shopkeepers shall be made during the currency of a lease except under special authority of the Board. Transfers may at any time permit the transfer of a shop within the limits allotted for the shop in the next notice.

15. The right is reserved to the Collector to grant "General Licenses" for the sale of liquor, spirit and intoxicating drugs, on the occurrence of fairs, festivals, etc. only in places in the vicinity of which there are no regularly licensed shops. This power is reserved to the Collector and fully may also be exercised by District Officers. Such licenses should be issued only when absolutely necessary and shall automatically be granted to the shopkeepers who usually supply the locality or to the representative of the water. The license shall run only as long as they are actually required and expiring on the day. But more than one license shall be issued for a fair or festival without the sanction of the Board. The fee to be paid for the license shall be fixed by the discretion of the officer issuing them.

28. No extension or abatement of the rate shall be allowed on any account whatever.

29. Any sum due by a licensee may be collected under the Revenue Recovery Act or deducted from the deposit, if any, made by him at the commencement of the lease. He shall be bound to replace any sums deducted from his deposit within three days of receipt of notice from the Collector.

30. Power is further reserved to Revenue officers to suspend license in case of failure of payment of lease or (in the case of India) lease-tax due on the due date. In the case of arrears, toddy, gams and beer shops and taverns, the power will be exercised by Tahsildars. In the case of opium shops by Divisional Officers and in other cases by the Collector.

31. In the event of suspension of a license for failure to pay arrears, the privilege of sale will be resumed with effect from the date of issue of license to the new purchaser as all stores disposed of at the Collector's discretion. All losses on account of suspension and arrears or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gams, if any, which accrues. The whole of the deposit, if any, made at the commencement of the lease will be held in forfeiture. The officer who has power to suspend the license may, however, at his discretion, allow also to continue pending resale or other disposal of the privilege.

32. Interest on all moneys due shall be payable at the rate of 5 per cent. per annum.

33. Infraction of any of the conditions of the license either by a licensee or by any person in his employment will result on the license.

Any license may be forfeited and the privilege be resumed or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the ^{Opium} Act, or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it. The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the commencement of the sale of the privilege to him though before issue of a formal license. Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Divisional Officer all customers whom come to their knowledge of persons employed by them in the manufacture, storage or sale of liquor, opium and intoxicating drugs, consulting branches at the ^{Shop} ^{Quay} and of engagements entered into by them and to comply with the Divisional Officer's orders regarding the continued employment of such persons. SALT, ANKARI AND CUSTOMS DEPARTMENT.

NOTIFICATION.

No. 4, dated 6th February 1912.

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENSES.

The following revised notification is issued in pursuance of Notification No. 4, dated 7th February 1911, published in the Supplement to the Fort St. George Gazette, Part II, dated 7th February 1911, as amended by Modification No. 7, dated 21st March 1912.

In exercise of the power conferred on him under section 4 (c) of the Madras Abolition Act (I of 1908), the Commissioner of Salt, Alkali and Suggars hereby prescribes, under section 54 of the Act, the following rules for regulating the issue of licenses on fixed fees for the sale and compounding of potable foreign liquors from and after the 1st April 1912 within the limits of the Madras Presidency:—

1. The term "foreign liquor" in these rules includes all wines, spirits and beer imported into the Presidency by sea or land, plain rectified spirits imported or locally made, and on which the full rate of duty has been paid; all spirits manufactured or compounded in the country and made in colour and flavour to resemble gin, brandy, whiskey or rum (or spirits made in like manner elsewhere, called "Makhar arrack") and "scented" at the tariff rates of import duty; and beer brewed in India or here imported in a condensed form and afterwards converted into potable beer and duly sealed, but excludes rectified and re-distilled spirits and ordinary arrack. In the case of liquors in Chandelis, Duggars and other approved firms or persons, however, for the sale of pure rectified spirits only, the term "foreign liquor" means pure rectified spirits imported from foreign countries by sea or manufactured in this country and sealed at the full rate of duty.

Note.—The minimum strength of still & imported and locally made and pure spirits must be not less than 50° U.P. for gin and 50° U.P. for all other kinds of spirits including Makhar arrack, except distillate spirits and Makhar, Chandelis and Chandelis arrack.

"Native" beer is beer brewed in India (a) which contains at least two hundredths of malt and two pounds of hops per bushel and in the manufacture of which 1 guppy or more of yeast is employed (b) which is brewed at a higher original gravity than 1.040° on a standard measurement and (c) the maximum price of which at the brewery is less than 50 pice per bushel, including the excise duty of three annas per gallon.

2. Licenses for the sale of foreign liquor shall be of the following descriptions:—

I. Wholesale license for the sale of foreign liquor not to be drunk on the premises.—There will be issued on an annual fee of Rs. 100 at the discretion of Collectors. Under these licenses the sale of liquor in quantities less than two imperial gallons on a domestic registered guest bottle or two domestic registered pint bottles of each kind at a time is prohibited. The holder of this license will have the privilege of having to licensed dealers only supplies of liquor in quantities not exceeding one pint.

II. Retail license for the sale of foreign liquor not to be drunk on the premises in any person.—There will be of two kinds—one for the sale of all kinds of foreign liquor, except "native" beer and the other for the sale of beer brewed in India.

(a) The license will be issued at the discretion of the Board and Collectors on payment of an annual fee of Rs. 200 in the town of Madras and in Coimbatore, Coonoor and Wallingford, Rs. 100 in towns having a population of 25,000 and more and in Krishnagiri,

* Note.—In places where there are beer shops, before the sale of still liquors for the sale of all kinds of foreign liquor except "native" beer will be permitted to sell beer brewed in India on English principles only a license as defined in the Appendix at which it was brewed.

Tinian, Katingli and Cuckin, and Rs. 25 in the rest of the Presidency. Under these licenses the sale of liquor is a quantity less than one reported pint and greater than two reported pints in one requisition will be prohibited. In Madras the right of selling Calcutta, Cockin or Malabar arrack for removal from the premises is limited to liquor exceeding one reported quart will be restricted to tavern-keepers who have taken out a special license for the purpose which will be issued on payment of an annual fee of Rs. 100, while the ordinary small license-holder will be allowed to sell any kind of foreign liquor except Calcutta, Cockin or Malabar arrack and "mums" beer.

- (4) Retail licenses for the sale of beer brewed in India will be issued to licensed holders for beer shops on payment of an annual fee of Rs. 40.

(5) *Hotel licenses for the supply of alcoholic drinks and boarding-house*.—There will be two classes at annual fees of Rs. 150 or Rs. 75 in Madras, of Rs. 100 or Rs. 50 in the Nilgiris, and of Rs. 25 or Rs. 15 in the rest of the Presidency, as may in each case be determined by the Collector. No holder may be sold under these licenses otherwise than to residents in hotels and boarding-houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

In Madras a holder of a hotel license desirous of setting up and maintaining in his hotel a "bar" or "lounge" may, on payment of a monthly fee of Rs. 40 for a first class bar or Rs. 25 for a second class bar, be granted a separate license to be called a bar license. This will cover the sale of foreign liquor, except Calcutta, Cockin or Malabar arrack, under the same conditions and to the same extent as the hotel license.

In Madras, special bar licenses will also be issued to the proprietors of hotels at the Central and Egmore Railway stations and to the South Indian Athletic Association on payment of a fee of Rs. 24, Rs. 50 and Rs. 5-5-4 per annum, respectively. They will entitle them to sell to all comers.

(6) *Refreshment-room licenses* will be of two classes—

- (a) *For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of rail carrying for the supply on the premises of passengers by each railway or rail line*.—The annual fee payable for each license will be Rs. 50. Under these licenses liquor may be sold to passengers and persons served with refreshments in the rooms for consumption as the passengers may select, provided that no more than one reported quart of spirits or two reported quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such passenger for removal from the premises.

(b) *For refreshment-rooms in which the sale of liquor is exclusively confined to the supply of meals or of eatables prepared and served on the licensee's premises*.—The annual fee will be Rs. 500 in Madras and Rs. 75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licenses of this description if it should appear that the sale of liquor to persons who have no purchase of meals in the refreshment-room is permitted in such an extent or so habitually that the refreshment-room may fairly be deemed as a tavern. Sales of liquor for removal from the premises will not be allowed under these licenses. The privilege to be paid for the sale of liquor under these licenses must be at least of the monthly wholesale value of Rs. 50 in Madras and in Cochin and of Cochin Municipalities and of Rs. 25 in the rest of the Presidency.

V. *General licenses*, such as licenses for the sale at refreshment-halls in connection with meetings and public entertainments. These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 as such officers as they may determine. No removal of liquor from the premises will be allowed under these licenses.

VI. *Special licenses* will also be granted by Collectors in consultation with the officers of the Salt, Alkali and Customs Department when the circumstances are such as not to allow of the issue of licenses of any of the above descriptions on such terms and conditions and for such periods as they may in such cases determine.

VII. *Licenses for the sale of spirits*.—Annual fee, Rs. 5. The following are important provisions of this license:—

- (a) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private parties, in order that intending purchasers may have the opportunity of testing high class wines and spirits at their own houses before the auction sale.
- (b) Authority to sell wines, spirits and beer in less quantities than whole dozens of such description in the case of sales by auction of the property of private parties or estates as of trade consignments which are shipped or otherwise consignmentable.
- (c) Authority to sell by auction otherwise than that specified in the license, viz., at any private residence at which the licensee may hold an auction.

VIII. *Licenses for the sale of pure rectified spirits*.—These will be issued to Chemical and Druggist firms and other firms or persons specially appointed by Collectors, on payment of an annual fee of Rs. 50. Under these licenses the possession of pure rectified spirits in excess of ten reported pints (or with larger quantity as the Collector may, in consultation with the officers of the Salt, Alkali and Customs Department, specially authorize) is prohibited. Pure rectified spirits must not be sold under these licenses for other than medicinal, industrial and scientific purposes, and the maximum limit of sale at one time to the same person is restricted to one reported pint in the case of sale to a private individual, two reported quarts in the case of sale to a Chemical, medical practitioner or scientific body and three reported pints in any Government, Local Board or Municipal hospital.

IX. *Licenses for the sale, as food or medicine, of industrial alcohol and similar preparations containing 50 per cent. and up to 80 per cent. of proof spirit* will be issued by Collectors on payment of an annual fee of Rs. 10.

3. *Licenses for the compounding of foreign liquors.*—These will be issued by Collectors to distillers and to holders of licenses for the wholesale retail of foreign liquors on payment of an annual fee of Rs. 550. Compounding systems will be allowed only in distillation or in exclusive bonded warehouses.

4. Any two or more of the above kinds of licenses may be granted to the same person for the sale of liquor in the same premises.

5. No premises shall be used for the sale of liquor unless and until approved by the Collector.

6. All orders passed by Collectors under these rules will be subject to appeal to the Board of Revenue, whose decision will be final.

7. All licenses (other than seasonal and special licenses) will have effect for the official year, i.e., from the 1st April in each year until the 31st March of the following year.

8. The fixed fees exceeding Rs. 500, inclusive other than special and seasonal licenses will be payable in two instalments, one half being payable when the license is issued and the other half at the beginning of the second half-year, viz., 1st October.

9. For the convenience of the trade, Collectors will, so far as possible, receive and dispose of applications for licenses under classes IV (c) to have effect during the following official year before the expiry date for that year. Licenses for the sale of liquor in exclusive refreshment-rooms should be very sparingly given.

10. All further information may be obtained and forms of licenses may be procured at a charge of two annas each at the office of Collectors.

11. The Board of Revenue in the department of Separate Revenue will issue such subsidiary instructions as may be necessary to the carrying out of these rules.
